

§ 1213.105

(2) Headquarters issuance of a news release bearing on a Field Installation will be coordinated with the Installation through the appropriate Institutional Program Office/Public Affairs Office, Associate Administrator for Public Affairs, or Director, Media Services Division. If Headquarters is the issuing Agency for a release for which the primary source is an Installation, the Office of Public Affairs will keep the Installation fully informed.

(3) If the Office of Public Affairs changes, delays, or cancels a release proposed for issuance by a Field Installation, the Installation and the appropriate Institutional Program Office affected will be notified of the reasons for the action.

(c) *Field-other*. A release originating in one field installation that involves the activities of another installation (including Headquarters) will not be issued until the concurrences of all installations and appropriate Institutional Program Offices concerned have been obtained. The originating installation is responsible for arranging a mutually acceptable release time.

(d) *Simultaneous release*. Where a release is to be simultaneously issued, whether by Headquarters, a field installation, industry-NASA, or university-NASA, it will be so stated on the news release. Simultaneous release will be coordinated by the Headquarters Director, Media Services Division.

(e) *Date lines*. Out-of-town date lines will not be used on releases issued by Headquarters except in the case of an advance release of a speech text intended for regional distribution in the area where the speech will be delivered.

(f) *Exchange of releases*. All Agency releases will be exchanged electronically with all field installations by the Headquarters newsroom. The full text of important releases, regardless of source, which may generate unusual interest and queries shall be sent by electronic mail or telephoned to all interested installations and Headquarters in advance of release time to enable public information officers to respond intelligently to queries arising locally.

(g) *Exchange of communication activities*. All field installations will exchange information with the appro-

priate Headquarters Public Affairs Officers concerning news events and releases. Immediate notification will be made to Headquarters and any impacted installation of events or situations that will make news, particularly of a negative nature.

(h) The requirements of this section do not apply to the Office of Inspector General regarding IG activities.

§ 1213.105 Interviews.

(a) NASA personnel will respond promptly to requests to media representatives for information or interviews.

(b) Normally, requests for interviews with NASA officials will be made through the appropriate Public Affairs Office. However, journalists will have direct access to those NASA officials they seek to interview.

(c) Information given to the press will be on an "on-the-record" basis only and attributable to the person(s) making the remarks. Any NASA employee providing material to the press will identify himself/herself as the source.

(d) Any attempt by news media representatives to obtain classified information will be reported through the Headquarters Office of Public Affairs or Installation Public Affairs Office to the Installation Security Office. The knowing disclosure of classified information to unauthorized individuals will be cause for disciplinary actions against the NASA employee involved.

(e) Public information volunteered by a NASA official will not be considered exclusive to any one media source and will be made available to other sources, if requested.

(f) For a DoD classified operation, all inquiries concerning this activity will be responded to by the designated DoD officer.
